About DW Homes

Dennis Wesselman has been building quality custom homes and home improvements for Cincinnatians since 1987. He began working in the building trades as a carpenter in 1975 with his uncle who was also a home builder and restaurant remodeler.

Dennis has built homes in Maineville, Lebanon, Montgomery, Morrow, Mason, West Chester, Bridgetown, Indian Hill, Sharonville and many other locations, typically building three to six homes a year from 1500 sq ft to over 7000 sq ft. He is on your job site every day managing a dependable group of experienced tradesmen.

Designs and Design Services

DW Homes offers Designer/Architect services to assist you with your home plans. Dennis works with kitchen and bath designers who assist you with layouts and the coordination and selection of cabinetry and surface tops. Many lower-level recreation, video and home entertainment rooms are his designs as are many sunrooms, patios, decks and gazebos.

Our Pledge to You

Integrity.....to deliver a quality home to your specifications free from defects.
Commitment.....to build your home quickly and as closely as possible to the original time table.

Dedication.....to promptly communicate your home progress and to pleasantly work with you to prepare for the next step in your home construction.
